Spring 2008

Dear Camp Families,

Spring is already here and summer is approaching fast! The Green River Staff is anxiously awaiting your arrival. We hope that you are also excited about your plans for summer camp.

Our Camper and Parent Handbook is designed to help answer many of the questions you may have in preparing for camp. We have also included information from vendors that have an excellent reputation in the industry. Hopefully, this will make shopping for camp easier for you.

We do still have space (although some sessions are full), so please whenever friends happen to ask you about Green River let them know how excited you are about this summer at GRP. If they want more information they can contact us or go online, our new camp video makes it easy to get excited for the summer.

Opening day of camp can be very emotional for campers and parents. Included in our parent handbook are helpful suggestions for separation anxiety and homesickness. Please take time to read over this page and talk with your child in an upbeat, positive way about going to camp. It will make their experience one that is happy and very rewarding.

In closing, please do not hesitate to email or call the camp with your questions or concerns. We are looking forward to seeing you soon!

Kind regards,

Beth and Paul Bockoven
Directors

P.S. – We have a new set of Health Forms this year. Camper Health (Form 1) is to be completed by your family, Health Care Recommendations (Form 2) is to be completed by your health care provider.
